## *From the Anden Stud*

Welcome to the 26th Annual Anden Stud Sale. We are thrilled to present another outstanding line up of rams and ewes, with the best genetics to suit the buyer's needs and strengthen the sheep industry.

Our On-Property Auction will run with COVID-19 protocols in place. The sale will be interfaced with AuctionsPlus, for the entire Auction. Given the travel restrictions throughout Australia, we trust the AuctionsPlus sale platform will give all potential buyers an opportunity to purchase from Anden Stud.

Congratulations to those flock ram buyers who have had much success with their lambs again this year. Throughout the year the lamb markets have had record breaking prices and it is so rewarding to hear Anden sired progeny are topping these markets and breaking records!

In January we held the 'First Stage' of our Suffolk Dispersal, clearing all rams and ewes on offer. It was an emotional day, as the Kerangie Suffolks have had a long history in our family. The decision to sell the Suffolks was not made lightly, but with our Stud stock numbers at capacity, the decision was made. Our October annual stud sale includes the 'Final Stage' of the Suffolk Dispersal, offering 15 Suffolk rams, of the highest quality. We hope buyers take this last opportunity to purchase outstanding Kerangie Suffolks rams from Anden.

This year we offer Specially Selected White Suffolk Stud Ewes & Rams, White Suffolk Flock Rams, followed by UltraWhite Composite Rams and Kerangie Suffolk Stud Rams. All with outstanding LAMBPLAN figures, structural integrity and breed type. As always, we continue to pride ourselves on selling only the best that our breeds have to offer.

On a personal note; Joel & Lauren, along with Leni & Arlo, welcomed Rudy Mae into the world on 1st April 2021. We are delighted to have another little daughter, sister, granddaughter and niece to love. We are so blessed to be able to watch all three kids grow, here on the farm.

We would also like to wish John Donnan our best wishes on his 90th Birthday. John grew up on this farm, married and had a family, before moving in 1989 to Kerang and later Swan Hill with his wife Melva. John and Andrew founded the Anden White Suffolk Stud in 1989, with ewes from John's Kerangie Suffolk Stud. John has never really retired! His love of the land and passion for livestock still finds him gravitate back to Willangie, to do a bit of fencing or check the crops and sheep. Our family appreciates John's love and support over the years. We wish him good health and happiness, today and always.

We hope this finds everyone safe and well. Thank you for your interest in Anden Stud and we look forward to seeing you on October 7th.

Kind regards,

Andrew & Denita, Joel & Lauren and Trent & Brigitte.

# *Flock History*

## **Anden White Suffolks**

The Anden White Suffolks, Flock No. 91 was founded in 1989, by Andrew and John Donnan. Initially using Suffolk ewes from Kerangie and Stone Haven Studs and have built a sire base, introduced from top White Suffolk Studs and breeding elite Anden White Suffolk rams. In 2016 John (86) sold his share of the Stud to Joel Donnan. Joel grew up on the farm and has worked full time since 2011. Joel's sheep knowledge and insight will be instrumental to the Anden Stud's future.

Anden was built on a passion to provide the best genetics to breeders and continues to strive for excellence. Results at market reflect the enhancement that the Anden rams have given to previous buyers. We have had much success at the Royal Adelaide Show over the years and acknowledge the Stud's achievements.

## **Anden UltraWhites**

2017 saw the start of a new era, with the marketing of the Anden UltraWhite Stud. Andrew and Joel had been quietly working on producing a consistent line of composite White Dorper/Poll Dorset cross rams since 2010 with goal of producing sheep with good fertility, low-moderate birth weights, good growth and sound structure.

The UltraWhite breeding came from the result of using high performance, elite White Dorper genetics over our best performing Viewdale Poll Dorsets along with UltraWhite semen purchased from WA. What is produced is a good muscling, high yielding carcass across medium-heavy weight carcasses, animals with the right amount of fat, ability to maintain exceptional do ability and hardiness with good shedding ability.

Early 2021 saw the launch of the **UltraWhite Sheep Breeders Association of Australia Inc.** with the new breed taking on breed code 24 and Anden receiving flock code 0002.

### **Anden 19-1868**

Top priced UltraWhite ram of \$16,300 in 2020.  
Used as ram lamb, with 22 progeny in the sale.

# *Flock History*

## **(Anden UltraWhites continued)**

The work that has gone into setting up this breed has been a pleasure to be a part of with Joel holding a spot on the foundation committee and assisting in the breed's launch.

Due to the new terms and conditions to be abided by within the USBAA foundation, we have recognised that the status of our flock is still progressing towards purity. This means many of our stud UltraWhite ewes have not yet reached pure status. The way forward for us at Anden is to use 100% pure UltraWhite rams to increase the generational turnover within our breeding. This is something we have under control with every ewe on our farm having a calculated Generation Grade that we will track and upgrade through her progeny. Until then her progeny will be an F1, F2, F3, F4, F5 and still registered under the CT (Commercial Terminal) breed code. Once the individual animal reaches F6 (Pure Status) they can then be registered as an UltraWhite under breed code 24.

We endeavour to keep progressing our genetic turnover and eventually have our whole flock pure UltraWhite. We have done a mountain of work to produce elite animals to the highest quality. We will continue to stick with the proven flock we have making sure we keep delivering the top performance genetics that we are proud of on our way to purity. Stick with us on this journey, we believe we can upgrade and still hold onto the exceptional breeding we have already created.

At Anden Stud we aim to breed the best performing and profitable animals for our valued clients, with every animal on our farm fully pedigreed for the last 30 plus years along with ASBV's since their existence. Something we are very proud of.

## **Kerangie Suffolks**

The Kerangie Suffolks were originally founded in 1971 by John and Melva Donnan, who had many highlights and much success at the shows. In 2010, Andrew re-activated the Kerangie Suffolk Stud, Flock No. 2187. Andrew initially purchased 25 Suffolk ewes in-lamb and a top 15 of the 2010 drop from the highly regarded Burwood Stud in SA. In 2011 we attained 6 outstanding Burwood ewes and in the following year acquired Burwood's best 3 ewe lambs, before purchasing the top price ewe at the Burwood 2013 dispersal sale. It must be said that Andrew proclaimed the Suffolks would just be a hobby! But like all hobbies, passion took over and the urge to develop and produce top quality animals, with high performance genetics to best suit the industry and the buyers, instantly became a top priority.

The Kerangie Suffolks have represented and have had success at the Royal Adelaide Show, Bendigo Show and at Hamilton Sheep-Vention. We have always enjoyed showing and the comradery and lifelong friends made between breeders, is something we truly value.

January 2021 saw the 'First Stage' of the Kerangie Suffolk Dispersal, clearing all rams and ewes on offer. It was an emotional day, as the Kerangie Suffolks have had a long history in our family. The decision to sell the Suffolks was not made lightly, but with our Stud stock numbers at capacity, the decision was made. The 'Final Stage' of the Suffolk Dispersal is included in the Annual Anden Stud sale in October 2021, offering the final opportunity to purchase Kerangie Suffolk rams.
