From the Anden Stud

Welcome to the 28th Annual Anden Stud Sale. We are excited to present another outstanding line up of quality rams and ewes, with the best genetics to suit our clients' needs and to continually strengthen the sheep industry.

Our on-property auction will again be interfaced with AuctionsPlus for the entire sale. We trust this platform will give all potential buyers the opportunity to purchase from Anden Stud.

Congratulations to those flock ram buyers who have had much success with their lambs again this year. With varied environmental conditions and evident market pressures, it is more important than ever to purchase 'genetics you can count on'.

Joel, Andrew and Trent have been busy over the winter months displaying both White Suffolk and UltraWhite rams at multiple events including the Speed Mallee Machinery Field Days, Bendigo Sheep and Wool Show and again at the Hamilton SheepVention.

It is always a great opportunity to talk with a wide range of breeders to discuss the challenges we all face and potential solutions to solving such issues. It is a very exciting time in the shedding sheep industry, but also similarly an exciting time for Meat Eating Qualities in the prime lamb industry moving forward.

On printing the Sale Catalogue, a team of White Suffolk Stud Rams is being prepared for the Bendigo Elite Show and Sale. It will be very pleasing to be back in the Show arena at Bendigo between September 8th-10th.

This year we offer 258 lots comprising of Specially Selected White Suffolk Stud Ewes and Rams, White Suffolk Flock Rams, followed by UltraWhite Rams. All with outstanding LAMBPLAN figures, structural integrity, and breed type. As always, we continue to pride ourselves on selling only the best that these breeds have to offer.

We hope this finds everyone safe and well. Thank you for your interest in Anden Stud and we look forward to seeing you on Thursday, October 5th.

Kind regards

The Donnan Family.

Flock History

Anden White Suffolks

The Anden White Suffolks, Flock No. 91 was founded in 1989, by Andrew and John Donnan. Initially using Suffolk ewes from Kerangie and Stone Haven Studs and have built a sire base, introduced from top White Suffolk Studs and breeding elite Anden White Suffolk rams. In 2016 John (86) sold his share of the Stud to Joel Donnan. Joel grew up on the farm and has worked full time since 2011. Joel's sheep knowledge and insight will be instrumental to the Anden Stud's future. Anden was built on a passion to provide the best genetics to breeders and continues to strive for excellence. Results at market reflect the enhancement that the Anden rams have given to previous buyers. We have had much success at the Royal Adelaide Show over the years and acknowledge the Stud's achievements.

Anden UltraWhites

2017 saw the start of a new era, with the marketing of the Anden UltraWhite Stud. Andrew and Joel had been quietly working on producing a consistent line of composite White Dorper/Poll Dorset cross rams since 2010 with the goal of producing sheep with good fertility, low-moderate birth weights, good growth and sound structure.

The UltraWhite breeding came from the result of using high performance, elite White Dorper genetics over our best performing Viewdale Poll Dorsets along with UltraWhite semen purchased from WA. What is produced is a good muscling, high yielding carcass across medium-heavy weight carcasses, animals with decent amount of fat cover, ability to maintain exceptional do ability and hardiness with good shedding ability.

Early 2021 saw the launch of the **UltraWhite Sheep Breeders Association of Australia Inc.** with the new breed taking on breed code 24 and Anden receiving flock code 0002.

A mountain of work has gone into building the UltraWhite breed to where it is today, and it's certainly a pleasure to be a part of the association. Joel was recently voted in as Vice President and is very proud of the breed that has been built for over a decade.

We aim to breed the best performing and most profitable animals for our valued clients, with every animal on our farm fully pedigreed for the past 30 plus years along with thorough data collection for accurate ASBV's since their existence. We are proud to present industry leading genetics, that perform exceptionally in the paddock under commercial conditions, as they should.

Anden Speckle Park Cattle

2022 saw the first Speckle Park Stud Embryos hit the ground here at Anden Stud, with approximately 30 purebred calves born during the winter. We have purchased a number of stud cattle and the best embryos available within the breed over the past 2-3 years to ensure the foundation of our breeding herd are from a combination of the best in the breed. All calves born have had performance data recorded with BREEDPLAN to ensure accurate EBV's for genetic selection.

These bulls and heifers are now approximately 13-15 months of age and nearly ready for work. Come summer we will be joining the best heifers via an AI program, backing them up with a keeper bull, and look to have a number of low birthweight, high marbling, easy-doing bulls with tremendous docility available for private treaty.

We are very passionate about quality stud stock, and very excited about the path taken running a stud cattle program with very similar objectives to our sheep breeding programs.
